## Asiatic Society for Social Science Research

### Approval of GBM

1. In the context of increasing number of papers, it has been decided to appoint new reviewers to ensure quality and content of papers.
2. As we all know ASSSR since its inception expanded significantly which increased the workload of existing members. To ensure the time bound disposal of work and to ease the burden on existing members, it has been unanimously decided to appoint new members to fill the gaps, as and when required in any of the branches of ASSSR.
3. ASSSR is committed to establish itself as premier research institution facilitating high quality research outputs. To achieve this aim it has been decided to organize international conference covering interdisciplinary subjects to facilitate exchange of research output among research community.
4. As we know ASSSR recently opened a new centre i.e., **Centre for History and Archaeology**. ASSSR is committed to make this centre a premier body in the field of exploration and excavation. For this purpose, we need trained volunteers and interns to help CHA to expand its area and work. For this purpose, members of ASSSR decided to offer internship opportunities to interact with young minds having sparking interests in the field of archaeology.

The meeting concluded with the vote of thanks delivered by Aalok Kumar, Secretary ASSSR.

**Minutes Submitted by: Aalok Kumar, Secretary ASSSR**

**Minutes Approved by: Ashu J, President ASSSR**
